

Calculation of 2008 Average Contribution Rates by North American Industry Classification System (NAICS)

A new employer's contribution rate will be based on the average contribution rate for the Economic Sector to which the employer belongs if the average rate for that Sector exceeds the standard new employer rate and the employer is not required to pay at a higher experience-based rate.

For 2009, Construction is the only sector for which the average contribution rate exceeds the standard rate. The average contribution rate for each Economic Sector in the North American Industry Classification System (NAICS), excluding the fund building rate set forth in Section 1506.3 of the Unemployment Insurance Act, for calendar year 2009, as determined by the application of 56 Ill. Adm. Code 2770.106(a)(4), shall be:
